COURSE DESCRIPTION

This 3-day course provides the enrollee the knowledge and tools needed to perform the duties of a Lead Instructor for the FSPCA Foreign Supplier Verification Programs course.

The course content is focused on strategies to aid in the effective instruction of the activities and documentation that support the creation and implementation of Foreign Supplier Verification Programs as well as administrative tasks for issuing Food Safety Preventive Controls Alliance participant course certificates. Effective instructor presentation skills for the adult learner are covered in an online module that you complete prior to being accepted in the course.

On Day 3, there is a Practicum "teach back" where each person will be asked to present a few slides from the curriculum (in English) to demonstrate their instructor skills and understanding of the FSPCA training materials. Each enrollee will have to demonstrate:
1. Knowledge of FSMA Statute and the reasons for the Act
2. Knowledge of the FSMA regulations
3. Specific knowledge of the FSMA final rule addressed in the Lead Instructor training (read the rule prior to the training)
4. Awareness of the FDA FSMA technical resources, e.g., website, rules, guidance documents, FDA's Technical Assistance Network (TAN)
5. Training experience and ability to effectively deliver course materials
6. Food safety or other applicable experience that meets the requirements of the FSPCA Lead Instructor qualifications
Failure to demonstrate instructor skills and an understanding of FSPCA training materials through participation in exercises, questions asked, and teach back observations may result in you not receiving your Lead Instructor certificate. Remediation fees may apply.
