Course enrollment will be verified before the order is fulfilled. NOTE: Please allow 3 weeks for order and delivery to ensure receipt before the course start date.				
ENROLLMENT CLOSES	September 29, 2025				

COURSE DESCRIPTION

This 5-day course provides the enrollee with the knowledge and tools needed to perform the duties of a Lead Instructor for the standardized training curriculum that FDA considers adequate in meeting the requirements for training of a preventive controls qualified individual (PCQI) under FDA's Hazard Analysis and Risk-based Preventive Controls for Animal Food rule.

The course content is focused on strategies to aid in the effective instruction of the food safety activities and documentation that support the creation and implementation of a preventive controls Food Safety Plan as well as administrative tasks for issuing Food Safety Preventive Controls Alliance participant course certificates. Effective instructor presentation skills for the adult learner are covered in an online module that you complete prior to being accepted in the course.

On Day 5 there is a Practicum "teach back" where each person will be asked to present a few slides from the curriculum (in English) to demonstrate their instructor skills and understanding of the FSPCA training materials. Each enrollee will have to demonstrate:

1. Knowledge of FSMA Statute and the reasons for the Act
2. Knowledge of the FSMA regulations
3. Specific knowledge of the FSMA final rule addressed in the Lead Instructor training (read the rule prior to the training)
4. Awareness of the FDA FSMA technical resources, e.g., website, rules, guidance documents, FDA's Technical Assistance Network (TAN)
5. Training experience and ability to effectively deliver course materials
6. Food safety or other applicable experience that meets the requirements of the FSPCA Lead Instructor qualifications

Failure to demonstrate instructor skills and an understanding of FSPCA training materials through participation in exercises, questions asked and teach back observations may result in you not receiving your Lead Instructor certificate. Remediation fees may apply.

Upon successful completion of the full, 5-day FSPCA Lead Instructor Course for Preventive Controls for Animal Food, you will be trained to be a Lead Instructor by the FSPCA. Successfully completing this training allows you to deliver the *FSPCA Preventive Controls for Animal Food participant course* as a Lead Instructor.

A link to the online course evaluation will be provided to you after successful completion of the course. You are **required** to fill out the course evaluation. You will have **72 hours** to complete the evaluation. Once the evaluation is completed you will receive an email with instructions on how to download the *FSPCA Preventive Controls for Animal Food Lead Instructor certificate of completion*.

IMPORTANT: There are three (3) steps that must be completed to be eligible to attend the course. Failure to successfully complete all steps by the due dates noted will remove your eligibility to attend the course. Refunds will not be issued.

STEP 1: ENROLLMENT PREREQUISITES	
1	You must have successfully completed the prerequisite FSPCA Preventive Controls for Animal Food Participant Course
2	You must be an approved FSPCA Preventive Controls for Animal Food Lead Instructor candidate
3	<p>You must successfully complete the FSPCA Preventive Controls for Animal Food Part 1 Blended Course for Lead Instructor Candidates</p> <ul style="list-style-type: none"> This module will familiarize you with key concepts and prepare you for the pre-assessment
4	<p>You must score 80% or higher on the 20-question FSPCA Preventive Controls for Animal Food Lead Instructor Pre-Course Assessment</p> <p>IMPORTANT: There is a 30-minute time limit on the pre-course assessment. There is no limit to how many times the assessment can be taken until a passing score is achieved. Individuals who fail the assessment may re-take the assessment after a period of 7 days from the time/date of their assessment. This will allow time to study the regulation more.</p> <p>BE PREPARED! To prepare for the pre-course assessment we strongly recommend that you re-read FDA's Preventive Controls for Animal Food regulation as well as the FSPCA Preventive Controls for Animal Food (PCAF) Participant Manual. FDA rules and guidance documents can be found at: https://www.fda.gov/Food/GuidanceRegulation/FSMA/ucm253380.htm</p>
NOTE: Access to course enrollment will be blocked until you meet all prerequisites noted above.
